POMPOSA ABBEY

Pomposa Abbey (FE): recomposition and digitization of part of the historical archive of the Pomposa Abbey in Codigoro (Fe) (500 documents); subsequent online publication (LP).

THE DIOMEDE DIGITAL PLATFORM

The Diomede digital platform was created by the Emilia Romagna Region (PP3). In this portal, which will be further implementable, it is possible to view some of the results of the mapping of the archaeological, historical-artistic, naturalistic and touristic assets present in the territories of the partners, carried out within the VALUE Project (coordination PP2).

The portal can be visited at the following site:
